

SEMINARS

Spring 2009

co-sponsored by the Subsurface Biosphere Initiative and the
Department of Crop and Soil Science

MONDAYS, 4:00 pm, ALS 4000

DATE	SPEAKER	TITLE
March 30	Jim Reichman	<i>The Impact of Subterranean Rodents on Geologic Processes, Soils, and Plant Communities</i>
April 6	Claire Phillips	<i>It Breathes! Interpreting, Measuring and Modeling Soil Respiration</i>
April 13	Chris Swanston	<i>Radiocarbon and Soil Organic Matter Turnover</i>
April 20	Mark Johnson	<i>Defining the "Quality" of Soil Organic Matter</i>
April 27	Francesca Hopkins	<i>Temperature Dependence of Soil Organic Matter Turnover</i>
May 4	Dan Olk	<i>Biochemical Perspectives on Soil Organic Matter Structure, Humification, and Function in Soil Processes</i>
May 11	Oliver Chadwick	<i>TBA</i>
May 18	Bruce Caldwell	<i>Polyphenols and Soil Organic Matter Dynamics</i>
May 25	Memorial Day	<i>No Seminar</i>
June 1	Margaret Torn	<i>The Future of Soil Organic Matter Research</i>
